

CURRICULUM VITAE

Personal Information				<p>请附上照片</p> 
Name	Wang Guoping	Gender	Male	
Position Title		Professor		
Working Department		Academy of Plant Science and Technology of Huazhong Agricultural University		
Email	gpwang@mail.hzau.edu.cn			
Address	430070 Wuhan, Hubei Province, People's Republic of China			
Tel	86-27-87285339	Fax	86-27-87394670	
Research Interest				
Plant virology Control for diseases of fruit trees				
Professional Memberships				
Executive director: Chinese society of plant protection				
Other Roles				
Post scientist: the Chinese Modern Agro-industry Technology Research System				
Education & Working Experience				
Working Experience				
October 1999-now : Professor in plant pathology of the Academy of Plant Science and Technology of Huazhong Agricultural University				
August 1983-September 1999 : Work in the Institute of Pomology , Chinese Academy of Agricultural Sciences, Liaoning Province, People's Republic of China				
Educational Background				
September 1986- August 1989: Graduate of Plant Pathology Department of Chinese Academy of Agricultural Sciences				
September 1979- August 1983 : Undergraduate of the Department of Plant Protection of Huazhong Agricultural University				

Publications
